SHURE
STEM ECOSYSTEM™

Medium Conference Room Reference Design

See that room profile below? That's just one of a few ways you can configure Stem into your medium sized conference rooms. Below you can see Stem Ceiling and Wall accompanied by Stem Hub and Control. Each device is connected directly to the network via a single Ethernet cable. The beautiful thing about all Stem Audio devices is you can mix and match them to create your own customized setup. If two Stem Ceilings or two Stem Tables are more your style, go right ahead. This is your room. Design it to fit your needs.
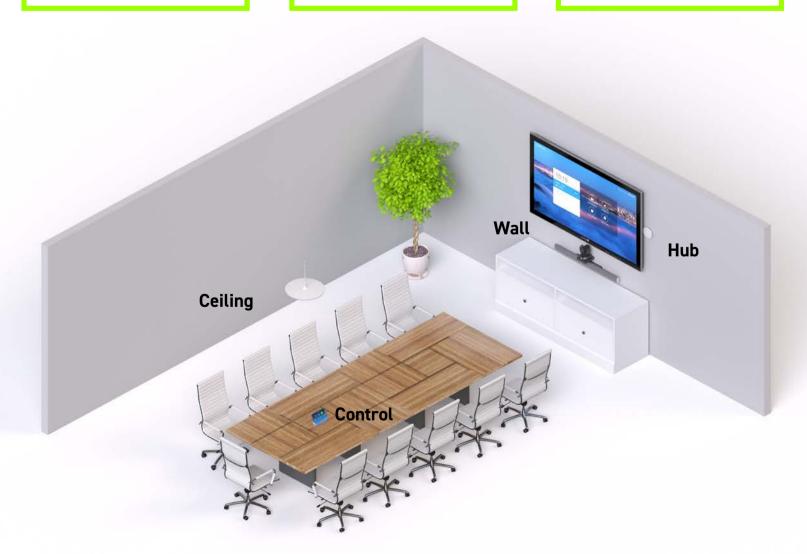

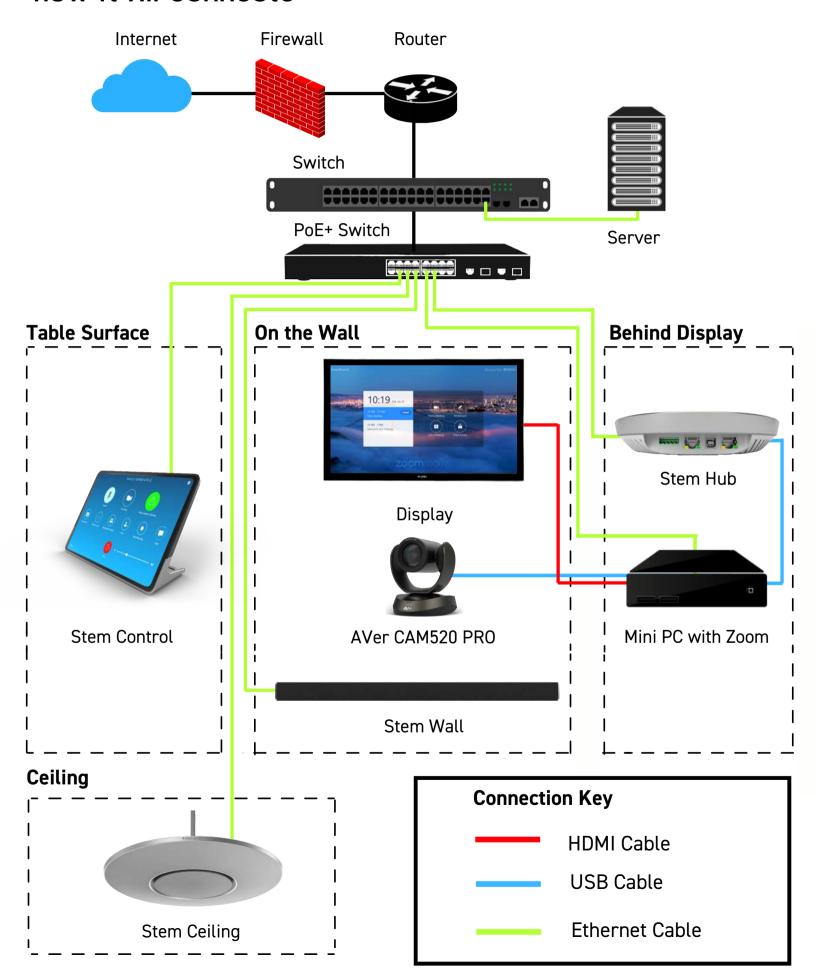

Mix and match all Stem devices for a customized audio solution.

Set up, control, and manage your rooms and devices on your network.

Stem solutions are compatible with your favorite conferencing platforms.
